THREE TRAIN MEN KILLED IN HEAD-ON COLLISION

Severe Storm Causes Collision Between Passenger Train and Freight Engine on the Pennsylvania & Erie—Several Passengers Injured

Corry, P.A., Jan. 8.—As the result of a head-on collision last night between a passenger train of the Philadelphia and Erie Railroad and a freight engine, three trainmen were killed and twenty passengers were more or less seriously injured. The accident happened during a severe storm which prevented the engineers seeing the danger.

FIVE WORKMEN INSTANTLY KILLED

Chicago, Jan. 8.—Five men were instantly killed, four others fatally hurt and seven seriously injured by an explosion of dynamite at the quarries of the Dolise company at Gary, Ill., yesterday. All the victims were foreigners. It is supposed that a box containing 150 pounds of the explosive fell from the top of another case while it was being prior to use for blasting purposes and that the explosion of this amount set off the rest of a pile of 2,000 pounds.

LAKE ERIE FERRY MISSING
Toronto, Jan. 8.—The car ferry, Marquette, is missing and it is feared she has gone down with Captain Rowan and the crew of 20 men. She left between Conneaut, Ohio, and Port Stanley, Ontario and should have returned at Port Stanley either late Wednesday night or Thursday morning.

FATAL WRECK IN NEW YORK STATE

Hosack Falls, N. Y., Jan. 8.—Seven persons were injured, one of them fatally, when the Montreal express on the Boston and Maine Railway, was wrecked at Wallhouse early today, five miles north of this place.

PREPARING FOR THE SPEIL

Winnipeg, Jan. 8.—There was another largely attended meeting of the council of Manitoba branch of the R. C. G. C. Saturday, to further arrange for the coming banquet. The outlook from present indications is good for a large attendance. Quite a number of risks are expected from Ontario as well as a contingent from Montreal and a Dawson rink from the Yukon is already en route. American risks are expected from Duluth, St. Paul, Minneapolis, Bowesmont, Brantford and St. Thomas.

HUTCHINSON STILL MISSING

Calgary, Jan. 8.—Hutchinson, the young man who got away with \$10,000 from the Union Bank at Disbury has not yet been located. It was at first thought he was hiding in Calgary, but the R. N. W. M. P. have given up that clue, and are looking for him elsewhere.

A new map of the city of Edmonton, showing all the subdivisions within the city limits up to the first of November, has been issued by Mr. A. Driscoll, and the edition is being distributed to subscribers in the city today. The map is a very complete one, and will be found indispensable to many in the city, especially to those in the realty business.

FARM LABORER FOUND DEAD

Winnipeg Landlady Finds Boarder Dead—Heart Failure the Cause

Winnipeg, Jan. 8.—John Sleep, a farm laborer, was found dead in his bed at 184 Austin street, Saturday. Mrs. Arwin, at whose home Sleep boarded, when she found that he did not rise at the usual hour, went to call him. Receiving no answer she entered the room and found him lying dead on the bed. The coroner was notified and made an investigation of this case. He states that heart failure was the cause of death.

TELEPHONE COMMISSIONERS RECOMMEND SKILCH

The telephone committee held its first business meeting on Saturday afternoon at the city hall at which there were present Chairman of Committee Alderman Peard, Mayor May and Alderman Luffa. The committee authorized Commissioner Kinnaird to draw up a letter to R. S. Skilch, of Montreal, who has been retained by the city on several occasions to act as consulting engineer on the electric works, asking if he would act in the same capacity with regard to the telephone system and if not would he recommend some competent man to act for the city as adviser during the rebuilding of the system. This letter will be placed before the city council as the committee's report and with the approval of the council will be dispatched on Tuesday night.

LAWYERS WIN THE GAME

The lawyers and doctors of the city settled a disagreement on Saturday afternoon that has existed between them for some time. The means of settlement was a hockey match, and judgment was given in favor of the lawyers by a score of 6 to 1. Needless to say the game was the source of considerable amusement for the crowd of spectators which assembled. The professional men were a husky-looking lot on ice, and for an hour there was a battle royal. Although the lawyers had the best of the case all through the trial, the medicals got back at them with some sharp plays, and the way they body-checked the legal men, and performed operations upon them with their sticks, and banged them in the diaphragm, and smashed their medulla oblongata, was terrible to watch. Doc. Cleland on the left wing, was a fast man, and got away with the puck once, but Bob Robertson, who was playing point, had a warrant issued for the arrest of the rubber, and stopped it just as it was about to enter the net. Mustard, at cover point, was afflicted with a nervous disease, but Doc. Jamieson attended to him. Ferris at centre, was taken with fever and wandered at times with the puck, but Dr. Ott-way cared for him tenderly and brought him through none the worse for his struggle. Reid, who was resident doctor at the flags, had rather hard luck, as he was blinded by an electric light hanging down right behind the goal, and when Bob Robertson on one occasion, arrested the puck as it was making an attempt to enter the net, and lifted it tenderly upon his stick and carried it back, Reid was surprised by the arrival of the rubber in his net when he was not expecting it. But the game was fast, and Pete Burley, who refereed, remarked afterwards that he was about the sorest man in the bunch.

—The announcement on Saturday that the board of trade would meet Tuesday evening was incorrect. The meeting takes place in the afternoon at 3.30.

BRITISH HOUSE DISSOLVES TO-DAY

Banerman Cabinet Hold Last Meeting Previous to the Elections—The House Meets in February

London, Jan. 8.—Nearly all the talk here now naturally is about the forthcoming general election, and the Liberal cabinet has met for the last time this side of the contest. Parliament will be dissolved today and the new Parliament will be summoned to meet Feb. 13th, the earliest day on which Parliament can assemble in accordance with the statutes, as at least thirty-five days must elapse after the day of dissolution.

CANADA FIGURES IN BRITISH ELECTIONS

As the British campaign advances the colonies, especially Canada are being brought more into the tariff controversy. The candidates of both parties as well as the leaders deal with the subject every night, but they invariably echo the views of the leaders. The Liberals stand for free trade while the Unionists in most cases support the Chamberlain proposals, some going no farther than to approve a colonial conference. In considering the matter a few like Lord Hugh Cecil favor free trade of the different methods, but all declare for closer relations with "our great self-governing colonies." The chamber is often heard, frequently followed by pictures of the wealth development and possibilities of Canada.

In this respect the campaign is proving a great educator. A prominent point in the controversy is whether the colonies have made an offer. Where is the offer is asked by the Liberals and tariff reformers in the campaign. Literature and speeches cite the resolution of the colonial conference of 1902 and the speeches of Laurier and Fielding then and since in reply.

T. W. Russell, Irish M.P. opposing the Chamberlain policy said that nothing was more certain than that Canada with her boundless resources could in a few years send all the corn and foodstuffs required by England. What did it matter to the farmer who it came from if it came free? His answer to the request to give a preference for the colonies was that the farmers of Canada paid no rent, most of them got land as free grants from the state, therefore, why should the Irish farmer, burdened with rent and weighed down by taxation and in receipt of no free grant give a preference to such people? If Chamberlain and his way, Canada would first demand that the state cattle be allowed to come in free. They had been kept out for years owing to the prevalence and danger of disease, and ruin absolutely complete would then be the fate of the Irish farmer. Papers likewise devote much space to discussing this aspect of the issues. The Conservative Post points out that Germany has discriminated against Canada owing to the preference and asks will practical Englishmen give help to Canada or will they as economists and theorists, stand idly by while Germany punishes Canada because she is loyal to England. The Liberal Chronicle prints an article by John A. Hobson on the preference urging Canadians fear British competition and says that ordinary Canadians neither know nor care about the preference. Among politicians of all grades there is a good deal of lip homage to something that is called imperialism and preference. Rands in an item in this vaguely conceived policy admits that Canadian business men and politicians would rather trade with Britain than with the States, but points out the geographical fact that the Montreal to St. Paul route is a geographical drawback.

MANITOBA HOTEL BURNED TODAY

Portage la Prairie Hotel Reduced to Ruins by Early Blaze

Portage la Prairie, Jan. 8.—As the result of fire which broke out in the Manitoba hotel basement this morning that hotel is reduced to a heap of smouldering ruins and many of the guests had all they could do to escape with their lives. The loss is \$6,000.

In the current Saskatchewan Gazette notice appears that "Application will be made to the legislature of Saskatchewan at its next session for the passing of an act to incorporate The Regina and Saskatchewan Railway Company, with authority to purchase or lease the railway of the Qu'Appelle, Long Lake and Saskatchewan Railroad and Steamboat company from Regina to Prince Albert, and to maintain and operate the same; also with authority to extend the same from Regina southwesterly to the Willow Bunch and Wood Mountain districts; also to build and operate in connection therewith a line of railway from Regina southerly and southeasterly to the United States boundary; also to build and operate a line of railway from a point at or near the present terminus at Prince Albert northerly to the northern boundary of the province of Saskatchewan; also to build and operate the following branches: from Craven to a point at or near Big Quill lake, from Craik to a point at or near Davidson westerly, and northerly to the south Saskatchewan boundary of Saskatchewan; from Saskatoon westerly to this western boundary of Saskatchewan; from Rosbush westerly to the Saskatchewan river; with all the usual powers and privileges incident thereto."

GENERAL WILL COLLECT THE SCATTERED TROOPS

Russian General Outlines Plan to Crush the Revolt in Baltic Provinces—Will Collect Troops and Garrison the Towns

Riga, Jan. 8.—In an interview Gov. Gen. Sollogub said "My plan is first to concentrate the troops which are scattered throughout the Baltic provinces, I purpose systematically to clear the territories and garrison the principal towns. Heretofore detachments have been wild-gooseing the insurgents, the latter disappearing as soon as the soldiers would approach only to reappear as soon as they had departed. The root of the trouble is the intense hatred between German landlords and Lettish peasants which has continued for generations. The peasants since their emancipation unlike the Russians have been entirely without land and a system practically approaching the ancient feudalism has obtained. As soon as order is restored in the Baltic provinces the people there will not only receive the benefits of reform but will be accorded a large measure of self government."

EVANS MAY GO EAST

Winnipeg, Jan. 6.—It is rumored here that Col. Evans, C. B., will be transferred to Ottawa to be succeeded in charge of Western Canada military districts by Col. Buchan.

THOS. MERRITT IS ILL

St. Catharines, Ont., Jan. 6.—Thomas R. Merritt, president of the Imperial Bank of Canada, is very seriously ill at his residence here, and it is feared he cannot recover. He

THE SHANGHAI RIOTS

The Empress of Japan, which reached Victoria from Shanghai last week, brought details of the recent rioting there arising out of Chinese dissatisfaction with the action of the British assessor, in imprisoning some Chinese women and children pending hearing for kidnapping before the mixed court. Two women and three men were arrested charged with kidnapping fifteen young girls from Sheehuan, and when the case was remanded the British assessor ordered the young girls to be taken to a society, the Door of Hope, pending the trial. The Chinese magistrate, Mr. Kuan, insisted they be placed in the cells of the mixed court. His runners attacked the foreign police who were removing the prisoners. The police under Cadet Officer Fenton resisted, and a riot ensued in which Inspector Gibson and some Chinese were slightly hurt. Finally the police hustled the girls into vans and removed them.

The Chinese magistrate and his assistants meanwhile shouted to the native municipal constables that if they obeyed the foreigners they would be punished severely under Chinese law. These remained loyal, however, to their foreign employers. The magistrate and his assistants managed to get the compound gates shut, and shouted to Mr. Fenton that he and the vans would pass only over his body. He was hustled aside and the vans forced through.

Citizens Hold Meeting for Organization Purpose—The Annual Fire Brigade Report

REPORT OF TOWN FIRE BRIGADE FOR 1905

Strathcona, Jan. 8.—During the year 1905 the town brigade turned out to thirteen fires and two false alarm calls.

All fires were kept well under control, the loss never at any one fire exceeding \$1,200.

The brigade sent a team to the Calgary fire department celebration, Victoria Day, and was successful in winning the hose reel race, 1st prize, \$100 coupling contest, first and second ladder contest first and second prizes.

The brigade is composed of the chief twenty active and ten reserve men. The officers appointed for 1906 at the last meeting are: Chief, G. W. Groat, Sub-chief and captain of chemical, A. G. Balm; Captain of hose company, Elmo Essey; Captain of H. & Ladder company, T. Powers; Secretary treasurer, R. T. Peterson.

Y. M. C. A.

A movement has been started among the young men here to have a Y.M.C.A. organized in Strathcona. With this object in view a meeting was held in the Methodist church on Friday evening last. Quite a number were present, including Messrs. George, Johnston and Corey. All were agreed that a Y.M.C.A. would fill a long felt want. A committee consisting of Messrs. George, Corey and Wolk was appointed to consider ways and means in the project.

PERSONALS

Mrs. Rev. T. J. Johnston returned to town Friday evening from a five days visit to friends in High River. She was present during the late disastrous fire that struck that place.

Mr. Robert went down to Beaver Lake this morning on business. He has lately sold his new house, Sibbald street, to the Frost & Wood Co. at a good profit.

Mr. Mills, late of Golden, B. C. representative of the Robb Engine Co., N. S., has had to suspend operations on installation of the boilers &c., at the power house owing to the non-arrival of necessary piping connections. He reports that the town power house is substantial, convenient and modern and much superior to many he has seen in his work of installation.

Mr. Lynne of the Gainer staff has lately purchased a house and lot on Anderson avenue from Mr. D. Cameron, open.

Mr. J. A. Blair left just night with a load of Fletcher scales for Olds, Alta., which will be his headquarters for some time, in his work of selling farm scales.

Mr. S. H. Purnell of this town has gone with the G.T.P. survey party to the Peace River region where they purpose operating for several months.

Mr. W. H. Holland of Toronto is registered at the Royal hotel. He purposes remaining some time to find out the climatic conditions of Northern Alberta and also to examine different localities in order to be able to give an intelligent report based on actual experience to his anxious friends in the east, who anticipate coming west.

There will soon be a change in the operating staff of the Edmonton Milling Co. here. We understand Mr. McLean, head miller, goes east to Blenheim, Ont., when an eastern man will succeed him here.

Mr. Geo. Label, who has been foreman for the Brackman-Ker Co., for some time, installing new machinery, &c., has been unwell of late and has been succeeded by Mr. Dietz, Jr. who has quite a contract ahead of him.

Mr. Saunders, late of New Zealand, has been appointed Sunday school superintendent here in the Presbyterian church as successor to Mr. Hay, who has gone to Medicine Hat.

NOTICE

The partnership heretofore existing between W. C. Harrington and S. A. Mahoney has been dissolved, and the debts of the partnership will be paid by S. A. Mahoney. (Signed) W. C. Harrington, dy 5-6 chg

FENCING.

SCHOOL OF FENCING. SWORD—RAPIER—FOILS. Instructors—Sergeant-Major R. E. Bruntine, Late of the 53rd Regiment of Infantry, French Army, and Master of Fencing, Hopkins, Late Royal Military School, Toronto, and R. N. W. M. Polio.

A Special Class for Ladies is now being formed. Particulars and terms can be obtained from ANTHEA E. HOPKINS, Bulletin Block, upstairs. P.O. Box 523, or R. L. MARCHAND, Deggendorfer Block, Jasper Avenue.

Our Sale and Want Column

Two lots near C. N. R. \$750 each; terms.

One lot near Alberta Hotel \$900; terms.

A Snap—New house, seven rooms, just finished, \$1850; terms. The lot is high and dry.

On Jasper avenue, several splendid twenty-five, thirty-three and fifty feet frontages, and close in. The prices are low and terms sure sellers in the spring at well advanced prices.

Special offer—25 feet frontage near Post Office on Jasper avenue, for \$10,000. Good terms. This will be picked up quick.

First street. Several good propositions at \$200 per foot frontage, terms.

Warehouse sites. Facing the C. N. R. 2 1/2, 150 foot frontage, close in. \$8,000, top of Fourth street and also two lots 150 foot frontage on Mackenzie for \$5500 top Fifth street.

Wanted. Scrip for 240 acres, at once. Reasonable price paid and all in cash.

For cash only. We can sell you 20 lots on the North estate for \$1350 each in. It is impossible to get anything to bear this proposition in Edmonton real estate market. Only fancy—\$250 per lot. Owner must have money by 21st December, hence the sacrifice.

Here is another good thing: Two lots and dry lots across the C. N. R. track for \$750 each, and terms. Have you noticed the rise lately across the track? We have several single lots there at \$750, terms.

Special attention. Two lots close in, on the River. Lots for \$750, very easy terms. These are worth \$900.

Several lots on First, Second, Third and Fourth streets, West End, north of Jasper, from \$2000 up to \$1500 each. All good safe buying and sure off increase in value before many months.

Improved farms. There is sure to be rise of value in the spring. We have several snags at present in Stony Plain, Clover Bar, and Starnow. What we cannot show you in good value will be hard to find from \$10 to \$40 per acre and close in to Edmonton City.

Unimproved farms. We have several large tracts of country lying along the new railroad line from \$5 per acre and easy terms. The best of deep black loam and clay subsoil and plenty of brush, plenty of good water.

City Real Estate Market

Active During Past Week

Suburban Residential Property Changed Hands Rapidly During Past Few Days—Some of the Transfers of the Week

The real estate market, while it has been a little quiet during the past week, so far as big deals are concerned, has been very active in respect to residence and suburban property, especially in the Norwood and Inglewood estates.

The Norwood property has been the most active in the city for the past two or three weeks, and the Edmonton Real Estate Company reports that no less than 150 lots have changed hands during the week ending last night. In one day alone—last Saturday—60 lots were sold in this division.

Most of this property has gone into the hands of persons who are intending to build in the spring. The terms, of course, are very attractive, the payments being spread over twenty months, but aside from this the property has merit of itself and, compared to the prices asked for residence property in the west end, is a particularly favorable location for families who want a home of their own. The 150 lots aggregated in value no less than \$40,000. The price all around in Norwood was advanced \$10 a lot on the 1st of January, but this seemed to increase rather than diminish sales. A trifle over 60 per cent of the Norwood estate has now been sold, and the fact that by far the greater part of it has gone into the hands of people who intend building homes gives some idea of what may be expected in the building line in the spring.

Another real estate firm who do not care to have their names mentioned in the deal, report having sold three quarter-sections four miles west of the city limits, south of the base line and west of the fourth meridian for \$28 an acre.

Weeks & Co. report the principal movement in residences and residential property. On Sixth street they sold a modern two-story house with furnace, up-to-date plumbing and all improvements for \$5,000. This residence is situated north of Jasper and within a few blocks of the main street.

On Fourth street they report another deal for a residence answering practically the same description, for the same price, and also another turn on Fourth street, north of Jasper, the purchaser, a man who has just moved to the city, putting up a handsome deposit to bid the bargain on a residence which he is purchasing for \$4,000.

In the east end they report having turned three houses one block north of the C. N. R. in one deal for an aggregate price of \$3,700.

On Fourteenth, Fifteenth and Sixteenth streets they report having turned no less than a dozen residence lots at prices ranging from \$550 to \$850, mostly to intending builders.

Weeks & Co. report that there is practically not a house in the city which can be rented and that people coming to the city to make their homes here are literally forced to either buy or build.

Within the city limits this firm report having secured an option for Iowa capitalists on 240 acres of land within two miles of this post office, which the Americans propose sub-dividing and opening up as another suburb.

In the higher priced lots in the west end the Edmonton Real Estate Co. report having had a fairly active week. Lots No. 27 and 28 in Block 7 on Eighth street was sold Friday for \$1,500. On Second street, lot 188 in block 1 was sold Friday for \$1,500 and lot 211 in block 2 on the same street was sold for \$1,600. The apparent discrepancy in the price is accounted for by the fact that the latter lot faces east and the former west, making the lot in block two a more desirable lot, although farther from Jasper avenue.

Besides these the firm reports having turned two lots on eighth street for \$2,500 and two lots on Fifth street for \$1,000. Both of these sales are to parties who intend building.

Crafts & Lee, who are handling the Inglewood property, report a very healthy demand for property in this suburb and as in Norwood, the lots are mostly going into the hands of prospective builders. They have sold within the past two or three weeks some eighty lots in the Inglewood subdivision, some of them on the inside of the city limits and others on the outside. The purchasers in many cases are buying in anticipation of a car line being built at no very distant date and it is pointed out that with rapid transit this suburb is very handy to what is regarded as the coming main business part of the city.

In farm lands Crafts & Lee report a very lively business, so good in fact

that taken as an indication of what may be expected for the coming spring it holds out great promise for the coming year. During the past two weeks they have sold no less than 4,255 acres of farm land for a total aggregate price of \$56,435, a large part of which was paid in cash. One block of 800 acres lying 12 miles north of the city limits was sold for \$24.50 an acre, and as an indication of the esteem in which farm lands in the vicinity of Edmonton is held by the outside purchaser, a striking example. Crafts & Lee report enquiries as coming in faster than ever before, by far the greater part of which are from the United States, particularly from central west.

W. H. Conger, whose specialty is last end property, reports business very lively in that part of the city. Five lots were sold on Wednesday being lots 9 to 13 on what used to be known as Fourth street, between Boundary and Ottawa streets.

Friday the property north of Rat Creek, known as the Jack Edmonton property was sold for \$900. The property is 97x209 feet in area, and if the upper end of Namayo is boulevard it will be one of the nicest prospects in the city. Friday Conger & Co. closed a deal for the lot adjoining the Snowflake Laundry, 30x68 1-2 feet, for \$750. This lot was virtually sold some two months ago and the purchaser, Mr. Hill, commenced the construction of a two story store building, but the deal at that time was in the nature of an option and the final payment was not made until Friday.

LeMaitre & Withenbe, who are handling the Huff estate, have the same report as the other dealers in suburban property. There is a large demand for acre lots in the Huff estate, and several acres have been turned over in the last few days at \$150 an acre. The Huff estate is subdivided and laid out in lots. It is one mile west of the city limits.

ANNOUNCEMENT

We respectfully beg to announce to the public, that we shall open up-to-date architectural offices for the practice of our profession, in the city of Edmonton, Alta., on or about January, 15th, 1906, and respectfully solicit a share of the public patronage upon the merits of our reputation to give our clients the best in our line of profession, which is our ambition and endeavor to maintain and extend.

We may state that we will fully cover the Western Provinces of Saskatchewan, Alberta and British Columbia, as we have offices at Regina and Calgary now, and with our office in Edmonton, we shall rank with the largest offices in Canada.

We employ a staff of competent and skilled assistants, who are fully up-to-date in all lines of our business.

Parties who wish to correspond with us until such time as we open up in Edmonton are requested to address all letters to E. O. Box 275, Calgary, Alta.

Yours respectfully,
W. H. DODD,
E. C. HOPKINS,
Assoc. Architects.
Calgary and Regina.

PUBLICATION OF THE SPECIAL AUDIT REPORT

An extra edition of the Bulletin will be published tomorrow containing the full report of Mr. F. C. Neff on the method of accounting in use in the city offices. There are few matters of more vital concern to a city than the methods of financing and accounting employed by those upon whom is placed the responsibility of conducting these branches of civic affairs. When early last year the city auditor presented a report criticising the system in use in the city offices, the citizens showed a very real sense of the importance of the matter and public interest was aroused to a degree which led the city council to employ an expert to make a thorough examination of the city books and report in detail as to the system employed. This report was presented at the last meeting of the old council when the importance of the subject and the public concern in the discussion which had taken place were deemed sufficient reasons to warrant or require its publication in full. Owing to its length it has been found necessary to issue a special edition of the Bulletin in which the report will be reproduced in attractive and convenient form, suitable for examination and preservation. The edition will be distributed to city subscribers with the regular afternoon issue and copies may also be obtained at the office at one dollar.

Literary Notes

LITERARY NOTES

As another evidence of the large and rapidly growing Edmonton this city has a directory. It is gotten out by John Aitken and contains a large amount of useful information. This fact that the city streets are not yet numbered is a missing factor in the compilation of a directory and the publication of a directory more than anything else should bring it home to the city council that this is long past due when the houses should be numbered. The stranger who comes within our gates and picks up the directory to look for the name of the bar he went to school with down east and finds that the streets are not numbered, and who then goes out to look for the street and finds that many of the beautiful avenues are not named except in the city maps, is liable to draw a first impression of the city that is altogether wrong.

But as far as the directory is concerned it is a very well-printed and complete little work—that is, as complete as a directory can be in Edmonton where the population and business houses are increasing by jumps every day. In fact, between this time the directory is compiled and the time that it is off the press, many changes are likely to happen, and about the only city directory that would serve the purpose accurately in Edmonton at the present time would be one revised every other day.

The Edmonton directory shows that there are 29 barristers and solicitors in the city, 38 real estate firms, six banks, three loan companies having branches in the city and over fifty loan companies represented by agents in the city. The business directory shows that there is not a directory company in Canada that is not engaged in here, and that agencies for almost every transportation company and heavy financial institution in the Dominion have been established here. Altogether the Edmonton City directory is a welcome addition to the literature of statistics and information for this city.

Over in British Columbia they have advertising down to a science, or almost a classic. The latest piece of advertising literature to reach the Bulletin from across the mountains is a publication compiled by Percy Goddard, an old Calgary boy and at one time a resident of Edmonton, entitled "Mother Earth's Treasure Vents." It is a work devoted to the resources of the Boundary and Shuswap countries, where the greatest mining developments in Canada, if not in North America, are now being carried on. The work was prepared by the Shuswap in Victoria and the photographs and the letter press work could not have been better executed by the inland printer. The composition, literary, literary and statistical, is furnished by writers thoroughly acquainted with their subjects and the reader is likely to find that it is an "ad" gotten up in the shape of a souvenir edition intended to set forth the resources of the country with which it deals. Briefly stated, "Mother Earth's Treasure Vents" is a work of art and being an advertisement.

ANOTHER BIG SURPLUS

The annual report of the Federal Finance department, known as the public accounts, has been given out. The financial figures have already been published; they showed a surplus on ordinary account of \$7,863,689, but when the capital account is included there was added to the public debt \$5,356,448, making a net deficit of that amount for the year ending June 30 last. The receipts on account of the consolidated fund were \$71,182,772. The expenditure on capital account was for the Intercolonial \$4,755,577; Prince Edward Island railway, \$591,412; and the national transcontinental railway, \$778,491; on Canada the expenditure was \$8,197,075; public works, \$1,642,042; Dominion lands, \$794,209; militia, \$1,299,964. There was paid out for railway subsidy \$1,275,629, and \$2,231,685 on account of bounties. There was \$62,017,456 to the credit of depositors in the government savings bank, or \$140,000 less than for the previous year. The demand for \$1 and \$2 Dominion notes still continues. There was \$800,000 more in October last than for October in the previous year. The rate of interest on the gross debt was reduced from 3.08 in the previous year to 2.81, and the net rate from 2.46 to \$2.20. Interest was not received during the year on the following: Alberta railway, Three Rivers harbor commission, Quebec harbor commission, Fredericton and St. Mary's Bridge Co., and Montreal Turnpike Trust.

In addition to these details given by J. M. Courtney, the deputy minister for finance, he added that the year was one of great prosperity. Railway traffic receipts, immigration, bank clearings, and deposits in chartered banks all show a wonderful and steady progress. Mr. Courtney says that it is a source of satisfaction to him that the government has decided that the termination of the fiscal year shall be March 31 instead of June 30.

ONTARIO'S RAILWAY PAYS.

(From the Toronto Globe)

The commissioners of the Temiskaming & Northern Ontario railway yesterday paid a visit to the provincial cabinet and left with Col. Macdonald a New Year's memento in the form of a check for \$100,000, representing the net earnings for the year. This sum is the result of the first year's operation of the road, from January 16, when it was taken over by the commission, until December 21. The result was received with marked pleasure by the Government, as evidence that the new good revenue-producer in the new railway. The line is now operated from North Bay to New Liskeard, 113 miles, and is under construction for 100 miles further.

It naturally derived large revenue this year from the miners going to Cobalt and from the tourists flocking to Lake Temiskaming, as well as from the settlers in the basin of Lake Temiskaming. The number of passengers carried was 75,000 and the freight traffic was also heavy. The commissioners also discussed with the government the possibility of making better terminal arrangements at North Bay, by which the cost may be reduced. It is possible that an arrangement may be made for a union station with the Canadian Pacific instead of paying a rental to the latter, and that the government line may have a new freight shed of its own. Nothing of a definite nature has been decided upon, however. Arrangements are being made which, it is expected will greatly increase its freight traffic, while next year will also witness the delivery of four new locomotives now under construction.

CUTTING DOWN EXPENSES

St. Thomas, Ont., is making a record in municipal economy, thanks to good engineering. The city operates its own street railway and electric lighting plant, using steam engines for the purpose. These engines until recently threw away their exhaust steam; today a capital plan utilizes most of this steam in heating the city hall, the public library, the Gas building, and a storage battery building. All told these premises formerly demanded yearly outlay of about \$1,200 for fuel; in addition to saving that amount there is now no expense for stoking and its allied drudgery. The cost of installing the system was but \$1,967.80.

FIVE DOORS EAST OF HUDSON'S BAY STORES

Of course the binder and wrapper are only about 20 per cent. of the cigar, but I do not let that small portion drop below the high standard I have set for the other 80 per cent. of my

Pharaoh Cigar.

To hold the filler together I use a Connecticut broadleaf binder. This is the best binder money can buy.

I import direct from Holland a specially selected Sumatra wrapper—a genuine, clear leaf—the finest wrapper grown.

It is this personal care which I give to every detail in the manufacture of my Pharaoh cigar that makes it such a superior smoke. It is a full flavored, palatable, mellow cigar. Price 10c.

None genuine unless branded "Pharaoh"

J. BRUCE PAYNE, LIMITED, Granby, P.Q.

The "Royal Household" Brand on Flour is your protection.

The "Royal Household" brand on a barrel or bag of flour means that Ogilvie's guarantee that flour to be the best—that if it is not satisfactory you may return it and get your money back.

Ogilvie's stand behind every pound of flour that bears their "Royal Household" Brand.

That is your protection.

Most people do not realize the necessity of absolute purity in flour—great care is taken to use only pure milk, pure water, etc., but flour, that one thing that forms the greatest part of their food, is taken on chance—but they are learning better.

As Royal Household Flour is the only flour in this country thoroughly purified and sterilized by electricity it is not worth while to give it at least at trial.

It bears the stamp of the most responsible makers. You can have no better guarantee than the Ogilvie Flour Mills Co.

CRAFTS & LEE

Land and Business Exchange,
Edmonton, Alberta, Canada

TOWNSHIP 48.

All 31-48-14. This section is nearly all open land, soil of black loam, clay subsoil, the G. T. P. survey runs within half a mile, \$9.00 per acre.

TOWNSHIP 49.

All of 19-49-13. Surface slightly rolling, nearly all open land. Since the rise in C. P. R. land this is exceptionally good value at \$8.00 per acre.

N. 1/2 35-49-19. About half of this land is open, balance has some small brush; very rich black soil, ten acres of meadow on the north-east corner, \$9.00 per acre, \$12.00 cash, balance equal annual payments.

All of 27-49-18. Some brush and small poplar groves, surface nearly level sloping slightly to a draw on each side, soil deep black loam covered with a heavy growth of grass. This would make a splendid farm, can sell separately east or west half, \$9.00 per acre, easy terms.

TOWNSHIP 50.

E. 1/2 36-50-24. Surface slightly rolling. Some brush. Log house and two miles of wire fencing, \$7.00 per acre, easy terms.

Frac. 33-50-18, 545 acres. This beautiful section fronts on the south end of Beaver Lake. The G. T. P. survey runs within two miles of this land. Surface nearly level, soil deep black loam, with a heavy growth of grass. This is one of the finest sections of wild land for sale in Alberta, \$11.00 per acre, \$2,500 cash, balance equal annual payments.

TOWNSHIP 51.

S. 1/2 12-51-13. 320 acres, good soil, \$24.00, half cash, balance easy terms.

N. E. 1/4 15-51-25. This is a good quarter section for any party wanting an improved farm. 62 acres under cultivation, small log house and stable. The quarter all fenced with rails. Three miles from C. P. R. station, half a mile from school, 3/4 of a mile from church. The soil is good, being a deep black loam, clay subsoil, \$24.50 with cash payment of \$950 and \$100 a year until paid.

W. 1/2 15-51-15. This is a beautiful half section, surface slightly rolling, all open land, one and a half miles from C. & N. R. siding; \$8.00 per acre, balance one and two years.

TOWNSHIP 52.

W. 1/2 16-52-13. Mostly level, soil deep black loam, clay subsoil, nearly all open land, 15 acres broken this year. This is a choice piece of land well located one and a half miles from C. & N. R. station, \$9.00 per acre, half cash.

E. 1/2 and N. 1/2 W. 1/4 32-52-13, 480 acres. Slightly rolling, soil deep black loam, with a heavy growth of pea vine and vetch, very little brush, \$8.00 per acre, half cash.

River lot 27 of the Edmonton Settlement, 758 acres, joining the Saskatchewan River. This is an improved farm one and a half miles from Edmonton. 75 acres broken; frame house of six rooms, good stable and granary, with plenty of coal in the river bank. This farm will some day divide up for market gardens. Offered today at \$100.00 per acre, \$10.00 cash, balance on a mortgage at 8 per cent.

TOWNSHIP 53.

Frac. S. 1/2 28-53-23, 198 acres, surface slightly rolling, soil black loam, 4 to 9 feet deep, with clay subsoil, 100 acres cultivated. Log house 18x25, 1-1/2 stories high, small log barn. For a man wanting an improved farm this is one of the finest that is offered. \$30 per acre, \$4000 cash, balance 1 and 2 years.

N. W. 1/4 18-53-21. Surface slightly rolling, soil a deep black loam with a clay subsoil, good value \$12.00 an acre, half cash, balance 6 and 12 months.

E. 1/2 23-53-22, an improved farm 7 miles from Fort Saskatchewan, surface slopes slightly to the creek, running across the half section, soil deep black, clay subsoil, 80 acres under cultivation, all fenced with wire, tamarac posts, one mile from school, telephone and church. This is a good buy, \$19.50 per acre, \$2500 cash, balance to suit purchaser.

All of 8-53-15. Surface slightly rolling, soil black loam, clay subsoil, a creek runs across the east half of this section, water the year round; this is a fine section, and well located, one half miles from railroad siding; \$8.00 per acre, \$2300 cash, balance annual payments.

W. 1/2 9-53-15. Slightly rolling, and nearly all open land, one and a half miles from C. & N. R. siding; \$8.00 per acre, \$1500 cash, balance mortgage four years with option of paying at any time.

S. E. 1/4 12-53-19. Surface slightly rolling, soil black loam, clay subsoil, 75 acres under cultivation, log house 16x24, two stories, kitchen, 12x18, barn and stables, two

good wells of water, and a creek running across one corner. This is a good property for a man wanting an improved farm. Would sell sheep, cattle and horses with the farm. This farm without stock \$3000, half cash, balance two equal annual payments.

TOWNSHIP 54.

E. 1/2 21-54-16. This half section was picked out some years ago. The soil and location is the best. \$9 per acre, easy terms.

W. 1/2 3-54-26. Almost level, soil of black loam with very little brush, could all be cultivated, but about twenty acres of meadow in one corner. Half a mile from the post office and store. This is a splendid farm and is offered cheap at \$11.00 an acre, \$1000 cash, balance easy terms.

S. 1/2 31-54-15. Good half section near store and school, \$6.00 per acre, \$800 cash, balance easy terms.

TOWNSHIP 55.

W. 1/2 7-55-25. Surface slightly rolling, soil of black loam, with a clay subsoil. This is an extra good half section, no grain and stock, \$10.00 an acre, half cash, balance yearly payments.

S. 1-2 and N.W. 1/4 17-55-25. 480 acres, all fenced with wire and rails, 220 acres under cultivation, four miles from Morinville, a town on the C. N. R., \$17.00 per acre.

N. E. 1-4 34-55-22, and S. 1/2 and N. W. 1-4 35-55-22, 240 acres all fenced with wire, six miles from Fort Saskatchewan, half a mile from school, \$9.00 per acre, easy terms.

TOWNSHIP 56.

N. W. 1-4 8-56-22. Surface slightly rolling, soil black loam, clay subsoil, 70 acres under cultivation and fenced, about 30 acres of timber. This whole quarter can be cultivated with very little work, has frame house 16x20 one story and a half high, \$15.50 per acre, \$1500 cash, balance, mortgage for two years.

N. E. 1-4 10-56-23. This is a fine improved farm, surface slightly rolling, black loam soil, and clay subsoil. Log house 20x30, hewed log, all fenced with wire, in a good locality. This farm is being offered for \$2000, and is one of the best buys today.

S. E. 1-4 6-56-23. Locality good, surface slightly rolling, soil a deep black loam, clay subsoil, two miles from school, post office and store, \$7.50 per acre, \$240 cash, balance six equal annual payments at 7 per cent interest.

REVILLON BROTHERS, LIMITED**A BUDGET OF
RAILWAY NEWS****Unusual Activity of Railways Pres-
ages an Era of Rapid Develop-
ment**

Notice has been given that application will be made next session to incorporate "The Vancouver and Northwestern Railway Company" to build a railway from Vancouver eastward to Lillooet river, thence eastward to the Slave river, thence to Harrison river, northerly to Lillooet and northerly to the sixteenth degree and near Fort George, Fraser river of latitude with power to operate steamboats. The intention is to connect the transcontinental lines which are projected west from Edmonton with Vancouver.

A Vancouver despatch says: That two great rival railway companies are about to begin the most spectacular race ever run in any country is evident from the lining up which now going on at the starting points. The prize in this race is Similkameen ore and the goal is Princeton. Both the Great Northern and the Canadian Pacific have vast wealth at their disposal, and their giant strengths may be expected to be used to the very best advantage. The Great Northern is slightly in the lead starting and has a lot of grading done, but the C. P. R. has shorter wagon hauls from the bases at Paulton and Spence's Bridge.

A large engineering staff is now covering the V. V. & E. from end to end. A party arrived in Princeton this week under S. S. Cranshaw to begin the work of locating the line west of Princeton along the Tuleman River. Amburn's party is working east along this river, the two parties expecting to meet at or near Waldo. Tracy's party is now working west from Hope, having completed the Hope Mountain section. He will meet the party coming east from Cloverdale near Chilliwack. All these parties will remain in the field until the whole of the V. V. & E. is located, which is expected to last all winter.

J. H. Kennedy, engineer-in-chief of the V. V. & E. Railway, stated that the work west of Midway was making good progress, notwithstanding the fact that many more laborers could be employed were they available. A total of 1,200 men are now employed on the first thirty miles

west of Midway. There are two tunnels was the scene of the sensational trouble two months ago, which caused the whole railway world to look on in amazement. The whole matter is to be decided in a few days in the courts the outcome of which is most likely to be in favor of the V. V. & E.

The arrival in Princeton recently of J. H. Logan, C. P. R. purchaser of rights-of-way, caused a genuine sensation in the usually placid old town. Mr. Logan stated without equivocation or reservation that the C. P. R. would build through the Similkameen as fast as money could be had, that he was paying from \$5 to \$100 per acre, according to classification, and that he was ready to issue agreements, to purchase to all through whose land the railway line ran.

On his way to Princeton Mr. Logan bought right-of-way wherever owners could be found, intending on his return from here to finish the work. The oft-repeated threat made by the L.S. officials of the C. P. R. that the whistles of their locomotives would be heard in the Similkameen valley as soon as those of any other line now seems likely to be carried out. Having in recollection the significant utterance of President Shaughnessy two years ago at a Rossland banquet that the C. P. R. would build into the Similkameen by a route that the public had not thought of, and suggesting Ruby Creek, below Hope, as the diverging point, a clue is obtained to present activities in this section. The C. P. R. evidently intends having an alternative route through the Rocky Mountains, and the link from Ruby Creek to Midway, with one or two short connections in the Kootenays, would supply a continuous all-rail route when constructed. This route is tonnage-producing from start to the finish. The coal holdings of the C. P. R. officials at Princeton indicate that this place was long ago contemplated as an objective point for the railway.

WHITEFISH LAKE NEWS.

Whitefish Lake, Jan. 4.—No snow to speak of down here, not enough for sleighing. Cattle all looking fine and most all of them running out yet.

Nathaniel Shurt was married to Miss Evelyn Scowen last week. After the wedding in the Methodist church the party all adjourned to the residence of the bride's father and partook of good things.

LIBERALS MUST GAIN 150 SEATS

In the opinion of the London Daily News one of the principal organs of the Liberals, the party will secure such a success a will give them a substantial majority over all other sections of the House combined. In the first instance says the News, it will be necessary to wipe out the existing ministerial majority of 76. This will merely put the Liberal and Irish Nationalist parties, when acting together, on an equality with the Conservatives and Liberal Unionists acting together, so that a much considerable readjustment of parties is needed. At present, allowing for bye-election gains and secessions, the strength of the four main sections of the House of Commons is as under:

Conservatives.....	312
Unionists.....	31-373
Liberals.....	215
Nationalists.....	82-297
Majority.....	76

The Government started in 1900 with a majority of 134, and this, it will be seen has been very nearly halved. To wipe out the majority altogether 34 more seats must be won. The Liberal and Irish Nationalists together would then number 385, or exactly half the House. If the Irish Nationalists were to transfer their votes to the Conservative side, the Liberals would need to win 84 more seats before they alone formed half the membership of the House. Then, to gain a working majority, say, of 60, they would have to win an additional 20 seats, making 150 in all and raising their present strength from 215 as shown above to 365. Parties in the house would then stand thus:

Liberals.....	365
Conservatives and Nationalists.....	305
Majority.....	60

But is it possible to win 150 seats? Well, it is a fact that at the general election of 1886 the Unionists gained 144 seats which were Liberals in 1885, and the turnover which it is hoped for next year is not very different from that.

Assuming then that it is not unreasonable for one party, to hope to do in 1906 what the other party actually did in 1886, by way of capture of seats, the question arises—what are the seats to be won? No appreciable change has taken place in the representation of Ireland since 1885, and the Liberals can hardly hope to win there. In Wales the Liberals already held 26 out of the 39 seats, so that only four more Welsh seat can possibly be gained. Liberal success must therefore, be achieved if at all in England and Scotland, as shown by the bye-elections by the turnover against the late Government has been most marked.

Out of 54 constituencies in Great Britain contested since the close of the war 53 have been in England and Scotland. The exception was West Monmouth, in Wales, which Sir William Harcourt represented. As to the 53 constituencies, the representation in 1885, 1900 and 1905 (today) may be stated thus:

1885	1900	1905
L 22.....	L 13.....	L 34
C 31.....	C 40.....	C 19
C 9.....	C 27	L 15

Now, in 1885, as already remarked, Liberals in the House numbered 335, or half the membership. The above table is extremely significant, as showing that the Liberals have not only recovered (in the 53 English and Scotch constituencies contested by bye-elections) from the drop of 1900, but have won 12 more seats than they secured in 1885. If that proportion were maintained at a general election it would mean a gain of 120 seats more than in 1885, making the net Liberal membership 455 in a House of 671. One need not speculate whether that result will or will not be achieved. It is enough for the present purpose to point out that the Liberal hope of winning 150 seats in addition to the 215 they already hold (making 365 in all) is not unreasonable in face of the Unionist win of 144 in 1886, and that the tendency of the bye-elections justified the expectation that even more than this may be done.

MINERS KILLED IN EXPLOSION
Bluefield, W. Va., Jan. 4.—Twenty-one miners were killed in an explosion of mine gas in the shaft of the Cooper Mine Co. at Coaldale, at noon yesterday. Up to midnight only one body had been recovered. Immediately following the explosion, which was heard for several miles, rescue parties set to work to explore the wrecked shaft.

Coaldale is a mining town situated on the line of the Norfolk and Western railway and is 15 miles west of Bluefield. The mining cars and most of the property used in the mines are supposed to have been blown to pieces.

At 5.30 p.m. the body of one of the miners was discovered some hundred feet away from the mine entrance so mutilated that it is unrecognizable. All hope of recovering alive the miners, entombed by the explosion of gases from the different entrances. If the twenty-one men were not killed instantly by the explosion, it is the great accumulation of gas since the explosion. Great crowds were attracted by the disaster and a large effort is being made to force the gases ahead so that the rescuers might enter the shaft. This will require some 12 or 15 hours.

SPORTS

HOCKEY

The first match of the series be-
tween Alberta College and the high
school was played on the college rink
on Saturday afternoon. The high school
winning out by a score of 5 to 2.
It was a well-contested game and
both teams played fast hockey all
the time. The College team has the
defense, but the high school bunch
played a good combination game.
Grady, who guards the College goal
posts, is the strong man of the
team. He has a cool head and a
quick eye. The champions from the col-
lege say that when they get more
practice, they will be able to trim
the high school aggregation. Dobson
of the senior Thistles, refereed the
game, and the line-up was as fol-
lows:

COLLEGE	HIGH SCHOOL
Grady	goal
Tait	point
DeFahr	cover point
Jarrett	rover
Kennedy	centre
McDonald	left
Haskell	right
	Webster

Some of the seniors were out on
the ice again on Saturday night with
their sticks, and had a good practice
for an hour. Lane, of the Bank of
Commerce, was out for the first time
this season. He played in Winnipeg
last winter, and is a good man at
cover point.

Just what the line-up of the seniors
for the next game will be, is hard
to say. Arnold Johnston, who has
shown up well at practice this sea-
son, may find a place at centre. In
this case, Reg. Elliott will probably
go off as spare man and Lane will
be put on in his place at cover
point. Art Powers will likely play
right wing.

It is reported that Armytage de-
parts for Fernie, B.C., today and for
the rest of the season will figure
on the line-up of Fernie's team.
Armytage is a good man on the for-
ward line. Powers will likely take
his place on the right wing.

Hampton, who sprained his ankle
in last Thursday's game, will be out
of the game for some weeks.

PORTAGE WON POOR GAME

Winnipeg, Jan. 6.—Another surprise
the second in two days was uncorked
in the senior series of the Manitoba
Hockey league last evening at the
Auditorium when the Portage
Ice Pirates team defeated the
aggregation which sported the
colors of Victoria. It was a poor
game, as the score 11 to 8 would in-
dicate, and the quality of the hockey
dished up was far removed from the
championship brand.

CURLING

There were two close games Sat-
urday night in the cup series, the score
being as follows:
W. B. Willis, W. A. Depp, J. Dun-
lop, J. Rae, skip 9. C. M. Bigger, E.
H. Simpson, E. Rayner, A. C. Fraser,
skip 8.
E. Nagle, R. P. Barnes, R. Secord,
J. A. McLean, skip 14. A. G. Harri-
son, A. Archibald, Dr. Clendenen, J.
E. Wise, skip 12.

JACK CURRAN MAKES A NOVEL OFFER

Following the wrestling match on
Friday evening, in which he threw
three men in an hour, Jack Curran
deposited \$100 with the Bulletin to
say that he would throw Kenny
Blatchford and Ed. Raemer, two falls
apiece in an hour. The challenge was
published in Saturday's paper, and
when shown to Blatchford he stated
that he would be ready to accept the
challenge and was ready to put his
money up at any time, but that he
would not be ready to go on the mat
at the time specified (Friday evening
next) if he stood to lose anything,
as he was afraid he was not in a con-
dition to protect his money.

Negotiations were opened, looking
for a basis on which they could meet,
and Curran finally made a novel of-
fer, and one that should get the local
wrestlers a bundle of money whether
they win or lose.

Curran offers to throw Blatchford
once, Raemer once and Blatchford a
second time within one hour of actual
wrestling time or forfeit \$100. For
every minute that Blatchford or Ra-
mer will stay, he offers to give them
\$.1. Should they stay the hour, the
dollar-minute is off and they get
the hundred instead.

There will be ten minutes rest be-
tween falls and Mr. J. Ross, the same

man who refereed last Friday night,
will referee this match. The date of
the match will be Friday, the 12th
of January, and the place Robertson's
hall.

NEW YEARS AT ST ALBERT CONVENT

New Year's day at the convent was
celebrated by a special feast provided
by the Sisters of Charity for the
young people under their charge.
His Lordship Bishop Legal honored
the occasion by his presence, and ad-
dressed those present in a few sym-
pathetic and appropriate words. He
was accompanied by Fathers Mercer
and Eddet, who remained throughout.
Rev. Mother Veaz Damour, and
the good sisters were unremitting in
attending to the wants of their
guests. How many head of poultry
are required to supply nearly two
hundred plates, the writer does not
know, but if he cannot speak as to
quantity he can vouch for the qual-
ity, which was excellent. When the
oranges, apples and candy had also
been done ample justice to, the re-
past was wound up by singing "A
Happy New Year to All."

Later in the evening an impromptu
concert concluded a very happy New
Year's day. May all concerned have
many such.

LOCAL

The city council meets tomorrow evening.

Hockey practice will be held tonight in the Thistle rink.

The Calgary exhibition will be held this year on July 10, 11, 12.

C. Hulet, of the Edmonton Optical Co., will establish headquarters above the 9th store.

A fancy dress carnival will be held in the Thistle rink on Wednesday, January 17.

The Retail Merchants Association will meet in Garipey's hall tomorrow, Tuesday evening, at 8 o'clock.

The Young Liberal Club will hold a general meeting in the club rooms on Monday evening next.

L. N. Despins, Edmonton, has been appointed selling agent for the Mortville Milling Co., with warehouse in this city.

The Edmonton board of trade meets tomorrow afternoon in the council chamber at 3.30.

W. C. Harrington and S. A. Mahoney, who built the hotel opposite the C. N. R. station on First street, have dissolved partnership.

The annual meeting of the congregation of the First Presbyterian church will be held on the evening of Wednesday, January 17.

The regular monthly meeting of the W. C. T. U. will be held at the home of Mrs. Hannah, First street, on Wednesday afternoon at 3.30.

A private wire was received in the city yesterday from R. J. Inglis, stating that he was leaving Montreal for the West on Saturday, the 6th.

The curling games for tonight are: Thom vs. Moore, Ibbotson vs. May, Carmichael vs. Hardisty. The games for Tuesday night are: Pearson vs. Fitz, Lauder vs. Mercer, Goode vs. McDonald.

Petitions to the House of Commons and the Senate of Canada are being circulated by the Lord's Day Alliance praying for such legislation as will better preserve to all classes of people the sabbath day.

A small but choice lot of fur came in from Lac la Pêche on Saturday, and was bought by Jas. Ullman & Co. for \$390. Reports from this section are that furs of all kinds are numerous, but fish are very scarce.

D. McKenzie and J. J. Thompson, of Great Falls, Montana, who have been in the city and district for a couple of weeks past looking up some real estate speculations, went south this morning, after making several investments in this vicinity.

The first annual meeting of the congregation of Queen's avenue Presbyterian church will be held on Tuesday, January 16, at 8 o'clock. A report of the building committee will be presented, and an election of elders, managers, and other officers will take place.

The first United Service of the Week of Prayer will be held in the First Presbyterian church this evening at 8 o'clock. The subject is "Thanksgiving and Confession." The speakers of the evening are Principal Riddell and Rev. E. T. Ritchie. Rev. A. Ewing will conduct the meeting. All are invited to be present.

Calgary Herald, in spite of the united efforts of the authorities, T. Fletcher Hutchison, who suddenly disappeared with some \$1,000 in bills from the Union Bank at Didsbury last Saturday, has evaded arrest. The mounted police at all outside points have been notified and the opinion is freely expressed that if the fugitive has managed to get out of Calgary he is still this side of the border.

A quiet wedding took place at the home of Mr. Jas. Lauder, Eighth street, on Saturday, January 6th, when his daughter, Miss Lauder, was united in marriage to Ald. W. A. Griesbach, of this city. Only the immediate friends of the contracting parties were present. Rev. Jas. Doan performed the ceremony. Mr. and Mrs. Griesbach will take up their residence at the corner of Sixth street and Hardisty avenue.

Constable Parker, of the R. N. W. M. P., went to Leduc and arrested Henry and Christopher Schukies, suspected of stealing four horses from their neighbor, Mr. Klukas. The horses were missed by Klukas some time last week, and he notified the police on Thursday. The boys are at the barracks here awaiting their trial, which will take place on the return of Inspector Worsley from Leduc, who will go there on Wednesday to look into the case.

H. J. Sullivan, who is to fill the position of agent for the Canadian Northern in Edmonton, arrived in the city on Saturday and commenced his duties today. Mr. Sullivan has had a large experience in railroading, having been twenty years with the C. P. R., of which he spent eight in the west and immediately previous to coming to this city was city freight agent for that company in Winnipeg. Mr. Sullivan relieves Mr. Pace, who will now commence his duties as assistant superintendent, covering the district between this city and Dauphin. Mr. Pace's division is 60 miles, and for the next few months he will be one of the busiest men in the Northwest.

PERSONAL

Miss Marion Wellbourne, of Winterburn, is visiting friends in the city.

Dr. Haynes, of Lacombe, spent Saturday and Sunday in Edmonton.

Miss Walker of Morningside went east on this morning's train on the C.N.R.

C. R. Stovel, right of way agent for the C. N. R., Winnipeg, was in the city on Saturday.

J. W. Norton, of Battleford, who has been spending a few days in the city, went east on the C.N.R. this morning.

H. B. Shaw, inspector of the Union Bank, and P. Vieler, manager of the Lethbridge branch, spent Sunday in town.

Capt. O'Brien, of Wetaskiwin, who has been spending a few days in the city recently, returned to his home town this morning.

Jacob Brox, of the staff of Somerville's hardware staff, left for the east Saturday on a visit to friends in Florida, Waterloo county.

H. W. D. Armstrong, of the Grand Trunk Pacific survey, went east to Saskatoon last night. He expects to be out of the city for about a week.

Wm. McLean, who has been teller of the Bank of Nova Scotia here for some time, left for Winnipeg this morning to take a similar position in the company's branch there.

D. W. McLean of the Union Bank, H. E. Todd, Merchants Bank and P. Morton, of the Canadian Bank of Commerce came in Saturday night from Fort Saskatchewan and spent yesterday in the city returning home this morning.

EARLY DAYS IN ALBERTA

A recent issue of the Lethbridge News owned by Mr. S. Saunders contains the following interesting sketch of the early days in Southern Alberta and particularly regarding news paper ventures there:

"In the early fall of '81, a few of the citizens of Fort Macleod met together and agreed to start a paper. Among them were D. W. Davis, M. P. for Alberta, before Oliver's time and now in the Yukon; Capt. Windler, of the Mounted Police—he is dead now—and C. F. D. Wood long a celebrated figure in North West politics, who since went to Regina as Deputy Attorney General.

"D. W. Davis advanced \$150 to purchase a plant and an order was sent to Miller & Richards, Toronto for an army press, one foot of brier, and five fronts of display type. Some of it is here in the office yet. It was sent from Toronto to Duluth, from Duluth to Bismark, Dakota, and then shipped up the Missouri River by boat to Fort Benton, Montana, which was the way travellers and freight got into the country then.

"But on the way the water in the river got low, and part of the cargo was unloaded on the bank, hundreds of miles from anywhere, and left there under tarpaulins till next year. Amongst this, was our printing outfit. In the spring the water rose again and our press and type were found and brought up on the first boat. It was freighted by ball team from there to Macleod."

Mr. S. Saunders, who related these incidents, has been pressed for some time by a recent arrival on the News, for the story of the first newspaper in the ranching country of Western Canada.

"C. E. D. Wood and myself were both on the force. The Mounted Police in those days were for keeping the Indians in order; there was hardly anyone in the country anywhere except Indians and the Police. A few of the first ranchers were just coming in, but their places were like one or two dots in hundreds of miles of prairie. When we came out here, there were just six white women between Edmonton and the Montana line. Mrs. G. C. Pies was one; she lived in Fincher Creek then. Mrs. A. M. Morden, still in Fincher Creek, was another."

"What was there at Macleod and

Fincher Creek then, Mr. Saunders?" "There was a post of the Mounted Police there and a detachment at Fincher Creek. The next post was at Fort Walsh in the Cypress Hills about two hundred miles to the east. The Police had long rides."

"How many were in a post?"

"About one hundred; then detachments were sent out from the posts."

"Where were the headquarters?"

"At Fort Walsh. Col. Macleod had resigned and Col. Irvine was then at the head."

"How did you come to go into the paper?"

"Wood heard I was a printer and he asked me to go in with him. After the outfit came he offered me a half interest in it, and we got out our first issue on July 1st, 1882. He was the first paper published in the Territories south of North Saskatchewan called the Macleod Gazette. That was the third in the Territories—the Battleford Herald started by Mr. Laurie, being the first one, and Frank Oliver's Bulletin, the second."

"W. F. Luxton was running the Free Press in Winnipeg then. I remarked the reporter."

"Yes. I had been with Luxton in the east on the Strathroy Age and the Senofoth. Expositor. Premier Ross, my old school teacher when I was at home near London, had also been on the Age."

MARRIED

Griesbach—Lauder.—At the home of Mr. Jas. Lauder, Eighth street, Saturday, January 6, W. A. Griesbach to Miss Lauder, Rev. Jas. Douglas officiating.
